

Capital Improvement Program Project: ST_18_004

Project Name: Ursuline Avenue Reconstruction

TBD CIP Project: 3

Council District:

Type / Source:

Streets / Citizen Input

Ursuline Avenue from Villa Maria to 23rd Street Location:

CIP Ranking: 46

Projected Cost Year: 2048

Projected Cost: \$4,873,000

Unfunded Original Cost Year: 2018 Status:

Description

This project will reconstruct Ursuline Avenue to a 27' curb and gutter street, with 6' sidewalks on both sides of the steeet and necessary drainage improvements. Provide bike route signs.

Justification

2022-04-26 Citizen email: There are multiple grade school bus stops along Ursuline Avenue. A major elementary and middle school bus stop is at the intersection of Coulter & Ursuline. The street is extremely narrow with no sidewalks making it unsafe for children walking home. Ursuline Avenue has high traffic levels at all times of the day making wider streets & new sidewalks. These sidewalks and street modifications should cover Ursuline Avenue in its entirety, through 23rd street all the way to Texas Ave.
